

## **Elementia Materiales is analyzing the proposal to cancel the registration of its shares in the National Securities Registry**

**Mexico City, November 5<sup>th</sup>, 2021** – Elementia Materiales, S.A.B. de C.V. (BMV: ELEMAT\*) (the “Issuer” or “Elementia Materiales”) informs the investing public that the Issuer will propose to cancel the registration of its shares in the National Securities Registry (“*Registro Nacional de Valores*”) maintained by the National Banking and Securities Commission (“*Comisión Nacional Bancaria y de Valores*”), as well as the resulting delisting from the Mexican Stock Exchange (“*Bolsa Mexicana de Valores, S.A.B. de C.V.*”), in accordance with the provisions of Article 108, section II of the Mexican Securities Market Law (“*Ley del Mercado de Valores*”), which would entail carrying out a tender offer.

The execution of the aforementioned is subject to several corporate, regulatory and third-party approvals, as applicable, which will be required to be arranged, including that of the Issuer's Annual General Meeting and the National Banking and Securities Commission.

### **About Elementia Materiales**

Elementia Materiales offers innovative construction solutions that redefine the concept of construction evolution. Our state-of-the-art rotomolding technology, Eureka®, helps safeguard the world's most important resource: water; which runs through our Nacobre® pipe systems. With more than 65 years' experience, our Nacobre® brand ensure that gas installations comply with the highest safety standards. Elementia Materiales has grown organically and through strategic mergers and acquisitions, creating an integrated platform of more than 4,000 products both in Mexico and the U.S. Elementia Materiales has more than 5,000 employees and operates in nine countries through a wide-ranging distribution network. Innovative and versatile panels manufactured by Allura®, Plycem®, Etemit®, Duralit® and Fibrforte®, offer the advantages of fiber cement technology for decorative façades, simulated wood decking, traditional roof tiles and state-of-the-art ceilings. Elementia Materiales is the largest fiber cement producer in Latin America and second largest in the U.S.
