

Unusual trading activity in ELEMAT's shares, series *

Mexico City, November 25, 2021.- Elementia Materiales, S.A.B. de C.V. (BMV: ELEMAT*) (the "Company", the "Issuer" or "Elementia Materiales"), informs the investing public that, regarding the unusual trading activity detected today in the Company's shares with ticker symbol ELEMAT, it is unaware of the reasons for such movements and that these are the result of normal market conditions.

Pursuant to the request made by the Mexican Stock Exchange and based on information currently available to the Issuer's management, and once the regulatory procedure for collecting relevant information has been carried out, the Company states that is unaware that any of its Directors or Senior Executive Officer have been involved in those transactions.

About Elementia Materiales

Elementia Materiales offers innovative construction solutions that redefine the concept of construction evolution. Our state-of-the-art rotomolding technology, Eureka®, helps safeguard the world's most important resource: water; which runs through our Nacobre® pipe systems. With more than 65 years' experience, our Nacobre® brand ensure that gas installations comply with the highest safety standards. Elementia Materiales has grown organically and through strategic mergers and acquisitions, creating an integrated platform of more than 4,000 products both in Mexico and the U.S. Elementia Materiales has more than 5,000 employees and operates in nine countries through a wide-ranging distribution network. Innovative and versatile panels manufactured by Allura®, Plycem®, Etemit®, Duralit® and Fibrforte®, offer the advantages of fiber cement technology for decorative façades, simulated wood decking, traditional roof tiles and state-of-the-art ceilings. Elementia Materiales is the largest fiber cement producer in Latin America and second largest in the U.S.
